Empathy Map

Date	29 September 2026
Team ID	SWTID-2026-5240
Project Name	EduGenie – Google Gemini Powered Learning Assistant
Maximum Marks	4 Marks

Empathy Map

Create an empathy map to understand your customer/user from four perspectives - what they Say, Think, Do, and Feel - in relation to the problem your project addresses. This helps the team build a customer-centric solution.

SAYS

- "I need a simple explanation for this topic."
- "I want quick answers to my doubts."
- "Can I get a quiz to test my understanding?"

THINKS

- "This topic is difficult to understand from the textbook."
- "A personalized learning path would help me."
- "I want study support that is clear and easy to follow."

STUDENT / LEARNER

(School, college, or self-learner)

DOES

- Searches for answers and explanations.
- Uses summaries and quizzes while studying.
- Explores topics from beginner to advanced levels.

FEELS

- Confused when educational content is complex.
- More confident when concepts are simplified.
- Motivated when learning is interactive and personalized.
